28.05.2025 12:24	Marek	Thanks, Doctor. You too!
28.05.2025 12:24	Marek	I've booked you for August 12th at 9:30 AM. Feel free to message me here if anything changes. Have a good day, Mr. Zawadarek.
28.05.2025 12:24	Marek	Yes, August is fine. Thank you for the quick update.
28.05.2025 12:24	Marek	Understood. I'll send you dietary recommendations through the system and prepare a prescription if the levels don't improve with lifestyle changes. Would a follow-up in mid-August work for you?
28.05.2025 12:23	Marek	No supplements. I try to eat healthy, but there's probably room for improvement.
28.05.2025 12:23	Marek	There's no reason to worry, but your LDL is slightly above the recommended range. I'd like to suggest a minor dietary adjustment and recheck the levels in 3 months. Are you currently taking any supplements?
28.05.2025 12:23	Marek	Good morning, of course. Is there something wrong?
28.05.2025 12:23	Marek	Good morning, Mr. Zawadarek. I've reviewed your recent blood test results. May we talk briefly about your cholesterol levels?
